

# TGV 2,5 / 4,5

## large volume binlift system

The TGV 2,5/4,5 represent Terberg's large volume binlift solutions, offering the perfect solution for the collection of industrial waste. The TGV binlift has a robust build and safe operation synonymous with the Terberg brand;

- **Flexible container handling,**

The TGV large volume bin lift has the flexibility to lift and empty any combination of four wheeled waste containers from 500 to 1100 litres and 2,5 and 4,5 cubic metre four wheeled containers.

- **Safety,**

Terberg's design of the TGV bin lift ensures that it complies with the general EC machinery directive (CE-standard) and the safety regulation norm EN1501.1.
